

How to care for you Acrylic Skylight Domes

Tips on how to keep your Acrylic Skylight Domes Clean and performing like new.

- Always wash with a mild soap and plenty of luke warm water.
- Use a soft clean cloth.
- Apply only with light pressure.
- Rinse with clear water and dry with a clean cloth.
- Once a year, apply a non abrasive auto wax.

Do Not Use any of the following:

- Window Cleaning Sprays
- Kitchen Scouring Compounds
- Alcohol or Solvents such as Acetone, Gasoline, Lacquer thinner.

These items can cause the Acrylic Material to break down, haze or become brittle and crack.
